## Catarhal Deafness Cannot Be Cured

by local applications, as they cannot reach  
the diseased portion of the ear. There is  
only one way to cure catarhal deafness,  
and that is by a constitutional remedy,  
Catarhal Deafness is caused by an in-  
flamed condition of the mucous lining of  
the Eustachian Tube. When this tube is  
inflamed you have a rumbling sound or im-  
perfect hearing, and when it is entirely  
closed, Deafness is the result. Unless the  
inflammation can be reduced and this tube  
restored to its normal condition, hearing  
will be destroyed forever. Many cases of  
deafness are caused by catarh, which is  
an inflamed condition of the mucous sur-  
faces. Hall's Catarrh Medicine acts thru  
the blood on the mucous surfaces of the  
system.  
We will give One Hundred Dollars for  
any case of Catarhal Deafness that cannot  
be cured by Hall's Catarrh Medicine. Cir-  
culars free. All Druggists, 75c.
